

Save for the future you envision

A quick guide to enrolling into your
retirement savings plan

Doma, LLC
401(k) Plan

It's your retirement, and we've reserved a spot for you

Welcome.

Planning for your future means envisioning your best retirement and taking the steps today to get started. Your employer has chosen **Voya Financial®** as the service provider for your retirement savings plan, to give you an easy and powerful way to save for your future.

We want you to retire well and to help you get there. Once eligible, you will automatically be enrolled in the Doma, LLC 401(k) Plan and 6% of your pay will be automatically invested in the plan.

Please take a few minutes to review this workbook, and the important information tab on **enroll.voya.com** for additional investment information and to start planning for your future today.

You may choose to invest your contributions in several different investment options that have various degrees of risk and return.

If you do not want to be automatically enrolled as outlined above, you should make your contribution election (and choose investment elections) or decline enrollment before the date indicated in your plan's automatic enrollment notice.

You can make a contribution election (and choose investments) or decline enrollment by accessing **enroll.voya.com**. Once you are enrolled, you'll be able to utilize the tools, education and support to help you set realistic goals, plan confidently and stay on track to become financially healthy and retire well.

What are you waiting for? Let's get started.

Why is it important to get started now?

Be good to yourself.

We want to help you plan the retirement you envision. You deserve to feel good about your future and confident in your plan to get there. The first step? Enroll in your retirement savings plan.

How much retirement income is enough?

Although it is different for everyone, you will likely need to replace at least 70% of your current income annually in retirement. After you enroll, you can determine how much income you might need by using **myOrangeMoney**[®], an interactive online experience, that will show you how your current retirement assets may translate into future potential monthly income in retirement so you know when you can retire.

The choices you make about your contributions and investments are up to you. And you can easily make changes anytime online, on the phone, or with the **Voya Retire®** mobile app. Remember, you are always in control.

Reasons to save today

- 1 Save automatically**
Your contributions are automatically deducted from your paycheck, so it is simple to set a little aside each pay period.
- 2 Help lower your taxable income**
Every dollar you contribute before-tax reduces your taxable income, which means you may pay less in income taxes today.
- 3 Invest your way**
Would you prefer to make investment elections yourself or would you appreciate having some guidance? How much investment risk are you willing to tolerate? No matter what you decide, we offer investment solutions designed to fit your style.
- 4 Remember, your money is always yours**
What you contribute and any related earnings are yours to take with you, even if you change jobs.
- 5 Put time on your side**
Investing over a longer period of time in a tax-favored account allows you to take advantage of compounding, meaning any earnings on contributions go back into your account without being taxed and can generate more earnings.
- 6 Employer Contributions**
Take advantage and maximize your savings. Your company may match a portion of the contributions you make to the plan. For more details, please review Employer Contributions under Get to know your plan.

Remember, it's your retirement.
Be generous.

Get to know your plan

Doma, LLC
401(k) Plan

Introduction

This section describes highlights of your employer's retirement plan. It represents a general overview of the information printed in your employer's Summary Plan Description (SPD). Your retirement program is more fully described in the formal provisions of your employer's plan document. If there is a conflict between these plan highlights and your SPD, the language provided in the plan document will govern.

Eligibility Requirements

You are eligible to participate in the plan when you are 21 years of age and have 3 months of service.

Enrollment Dates

Once you have met the eligibility requirements, you can join the plan quarterly.

Auto Enroll

Your plan has an automatic enrollment provision. Unless you elect to opt out from participating in the plan or choose to enroll on your own by selecting a contribution percentage and investments, for those under age 50, your company will automatically enroll you into MyCompass Index Moderate Fund at 6%, for those 50 and over, your company will automatically enroll you into your plan's managed account program.

Employee Contributions

You may contribute 0 - 100% of your annual pay, not to exceed \$23,000 annually. Annual limitations are set by the IRS and are subject to change. The tax laws may also let you contribute an additional amount over the regular annual limit if you are at least 50 years old. Check with your benefits manager to see if you can take advantage of the increased opportunity to 'catch up' and contribute even more to your employer's plan. If your adjusted gross income does not exceed certain limits, you may be eligible for a tax credit.

Roth Contributions

Your plan permits Roth after-tax employee contributions. You may contribute a minimum of 1% and your total employee contributions (Roth after-tax and Traditional pre-tax deferrals combined) may not exceed \$23,000 annually (\$30,500 if you are at least age 50 and your plan has a catch-up feature). Annual limitations are set by the IRS and are subject to change.

Employer Contributions

Profit Sharing

Your employer has established a Profit Sharing plan. A Profit Sharing plan is a tax-qualified retirement plan in which your employer makes contributions on your behalf. The amount of the contribution is determined by an allocation formula that is generally based on participant earnings, while annual contributions are generally based on the company's profits. Contributions may be modified during times of business hardship.

Employer Match

Your employer may match a portion of the contributions you make to the plan.

Employer Safe Harbor

The Employer will contribute an amount equal to the sum of 100% of a Participant's Elective Deferrals that do not exceed 1% of Participant's Compensation, plus 50% of the Participant's Elective Deferrals that exceed 1% of the Participant's Compensation but do not exceed 6% of the Participant's Compensation. Fully vested after 1 year of service.

Vesting

You will always be 100% vested in the portion of your account attributable to your Employee contributions. You are also 100% vested upon your death, normal retirement, or disability. Your employer contributions are subject to the following vesting schedule:

Employer Match Contributions

1 year of service 20% 2 years of service 40% 3 years of service 60% 4 years of service 80% 5 years of service 100%

Profit Sharing Contributions

1 year of service 20% 2 years of service 40% 3 years of service 60% 4 years of service 80% 5 years of service 100%

Rollovers

Money from other qualified plans is accepted. Rollover contributions are allowed prior to meeting the eligibility requirements of the plan.

Contribution Change Frequency

You may stop contributions at any time. Once you have stopped, you may resume contributions each pay period. You may also increase or decrease contributions each pay period.

Investment Transfers

Using Voya's automated telephone or Internet service, you have the ability to review your accounts and transfer funds from one investment option to another, 24-hours a day.

Hardship Withdrawals

Hardship withdrawal may be taken in case of extreme hardship as defined by the IRS when no other sources are available.

In-Service Withdrawals

In-service withdrawals are permitted by your plan. If your Plan allows for distributions prior to age 59 1/2, these distributions will be subject to an early distribution penalty of 10% additional tax unless certain exceptions apply. This tax applies to the amount received that you must include in income. Generally, there are restrictions on what dollars are available for in-service distribution. See your Summary Plan Description for more detail.

Distribution & Withdrawals

Funds are available at retirement, death, disability, or termination of service.

Loan Provision

You may take a loan from vested amounts in your account. The amount the Plan may loan to you is limited by rules under the Internal Revenue Code. Any new loans, when added to the outstanding balance of all other loans from the Plan, will be limited to the lesser of: a) \$50,000 reduced by the excess, if any, of your highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over your current outstanding balance of loans as of the date of the new loan; or b) 1/2 of your vested interest in the Plan. The amount the Plan may loan to you can also be limited by Plan rules such as which Employee and Employer Contributions are available for loan use, the number of loans that can be outstanding at any one time or how often you may request a loan. For specific details please refer to your Summary Plan Description (SPD). When thinking about taking a loan from your plan, keep in mind that when money is withdrawn from a retirement savings account, it reduces the power of tax-deferred compounding.

Participant Account Statements

Your investment statements are provided quarterly.

Now that you've envisioned your future retirement take the necessary steps today.
